

Eaton Regional Education Service Agency
Public Relations, Polling, Lobbying and Legal Services
FY 2024-25

Intermediate School Districts (ISD's) or Regional Education Service Agencies (RESAs) were created by the legislature in 1962 to bring about quality and equitable educational opportunities to students and schools throughout the state. Because public education is funded and regulated by the state and federal government, it is necessary for RESAs to use some resources to fund activities that promote public accountability, research, and government communications. Since Eaton RESA is publicly funded, it is responsible for communicating its programs and services to the schools and community. The guiding principle for all activities of this nature is to advocate for the children we serve.
